## Let's Go Shopping: February

Question 1: Snowboards are on sale for $\$ 35$ off the regular price. If the snowboard usually costs $\$ 215$, how much does it cost when it's on sale?

Answer 1:
\$215.00
$\begin{array}{r}-\quad 35.00 \\ \hline\end{array}$
$\$ 180.00 \quad$ The snowboard costs $\$ 180$ when it's on sale.

## Question 2:

You want to buy the snowboard for $\$ 180$, but you only have $\$ 113.65$ saved. How much more money do you need so you can buy the snowboard?

Answer 2:
\$180.00

- 113.65
$\$ 66.35$ You need $\$ 66.35$ more so you can buy the snowboard.

Question 3:
You want to buy cards for 6 of your friends. Each card costs $\$ 1.75$. How much money do you need?

Answer 3:
\$1.75
6
$\times \quad 10.50$
$\$ 10.50 \quad$ You need $\$ 10.50$ to buy the cards.
